

February 28, 2022

Notification RE: Important information regarding the new European representative for the Fungitell[®] Assay Kit. We recommend that our customers make note of this change.

Dear Valued Customer:

You are receiving this notification to advise you of changes to the European representative for the Fungitell Assay Kit noted in the Instructions For Use (IFU). Additionally, there will be changes in the expiry date format of the labels to (YYYY-MM-DD) as well as a name change of one of the kit components specifically the Reagent Grade Water (RGW) which will be changed to LAL Reagent Water (LRW). The new European representative will be:

Emergo Europe
Prinsessegracht 20
2514 AP
The Hague, The Netherlands

These changes will occur over time as we filter through current kits that still carry the hard copy IFUs. We anticipate the transition of this change to begin in mid-February and be fully implemented by the end of Q2 of 2022.

For additional information, please contact me at cjones@acciusa.com or your local representative. A digital copy of this letter along with all other product notifications can be found on our corporate website at www.acciusa.com under the "News & Notices" section.

We appreciate your business and will continue to provide you with industry leading products and services to meet your current and future needs.

Sincerely,

Celeste P. Jones
Clinical Diagnostic Product Manager
