Notification RE: LAL Reagent Water (LRW)

Dear Valued Customer:

You are receiving this notification as a customer of record for our LAL Reagent Water (LRW), W020P, Lot number 314-4339.

An error on the Certificate of Compliance (CofC), was identified which had the Part Number PN001491 added under the Catalog Number field instead of the correct Catalog Number, which should have been W020P. Once noticed, the incorrect CofC was immediately pulled from the ACC website on December 1, 2021, and was subsequently replaced with the corrected CoC on December 6, 2021.

There is no risk to human health because of this error. ACC has not received any complaints of health effects or potential health effects because of this error on the Certificate of Compliance. This is a documentation error and does not affect the potency, or safety of the product.

You can locate all product Certificates on our website (www.acciusa.com) under the Tools & Resources tab.

We appreciate your business and will continue to provide you with leading endotoxin and glucan detection products and services to meet your current and future needs.

Sincerely,

Vann Jones
