

November 12, 2023

Dear Valued Customer:

You are receiving this letter because you have purchased our Pyrotell® STV products in the past. In 2014 Associates of Cape Cod, Inc. (ACC) announced new, more sustainable standardized packaging for our Pyrotell® products. In a continued effort to be more environmentally friendly, we will begin to phase out the use of multiple Instructions for Use (IFU) documents in the standard package.

The standard package will be five (5) clamshells of fifty (50) vials of Pyrotell® STV and each clamshell will be labelled with lot-specific information and one Instructions for Use (IFU) will be included. This will apply to the following Pyrotell® STV products:

**Pyrotell® STV Product Range**

<u>Catalog Number</u>	<u>Description</u>
GS003-5	Single Test Vial / 0.03 EU/mL
GS006-5	Single Test Vial / 0.06 EU/mL
GS125-5	Single Test Vial / 0.125 EU/mL
GS250-5	Single Test Vial / 0.25 EU/mL

All product IFUs are available for download in multiple languages from our website at [www.acciusa.com](http://www.acciusa.com). We anticipate the transition into this new packaging format beginning Q4 of 2023. For additional information, please contact your local representative or email ACC at [info@acciusa.com](mailto:info@acciusa.com). We appreciate your business and will continue to provide you with industry leading products and services to meet your current and future needs.

Sincerely,

Roger Withers  
Marketing Program Manager
