RE: Pyros® eXpress Software V. 1.1.15 Upgrade

Dear Valued Customer:

Associates of Cape Cod, Inc. (ACC) is pleased to share with you the latest release of our Pyros® eXpress Endotoxin and Glucan Detection Analysis Software (PEXS), version 1.1.15.

Pyros® eXpress endotoxin and glucan detection analysis software offers integrated solutions for your quantitative endotoxin and glucan detection testing, reporting needs, trending and data management. Pyros® eXpress supports all of the quantitative endotoxin and glucan detection assays from ACC, including our recently released PyroSmart NexGen™ Recombinant BET Reagent, and allows users to quickly and efficiently test in a Quality Control environment.

As part of ACC's continuing efforts to incorporate customer feedback and refine our LAL data collection systems, we've made a number of changes in this update. A detailed list of updates is included on the reverse side of this document (Pyros eXpress Release Notes MTK21-068).

Lastly, we'd like to share with you an exciting new tool for existing software customers – The ACC Software Digital Distribution Portal; Here you can download the latest software updates and support documents for Pyros® eXpress Software. You can access the portal utilizing the following URL: <https://portal.acciusa.com/>. Simply select your software product and follow the easy steps to register your software and that's it.

If you wish to order these or any other products and services from ACC, please contact your local representative or email ACC at: [custservice@acciusa.com](mailto:custservice@acciusa.com).

We appreciate your business and will continue to provide you with leading products and services to meet your current and future needs.

Sincerely,

Roger Withers  
BET Product Specialist, Marketing
